Careerpilot All info Jobs Courses Providers Qualifications Videos

It's never been more important to look in detail at your career choices, find out where jobs are and which courses to do. [Watch our video](#) and then explore Career Pilot to find out more.

# Expert careers information and tools for 11-19 year olds, all in one place

Where do I start?

## 1. Start with you

Firstly, click Jobs

The web address is <https://www.careerpilot.org.uk/>

This is the home page of the website.

There are many different things available, so we would encourage you to explore. This user guide shows you how to select careers based on subjects you are learning.

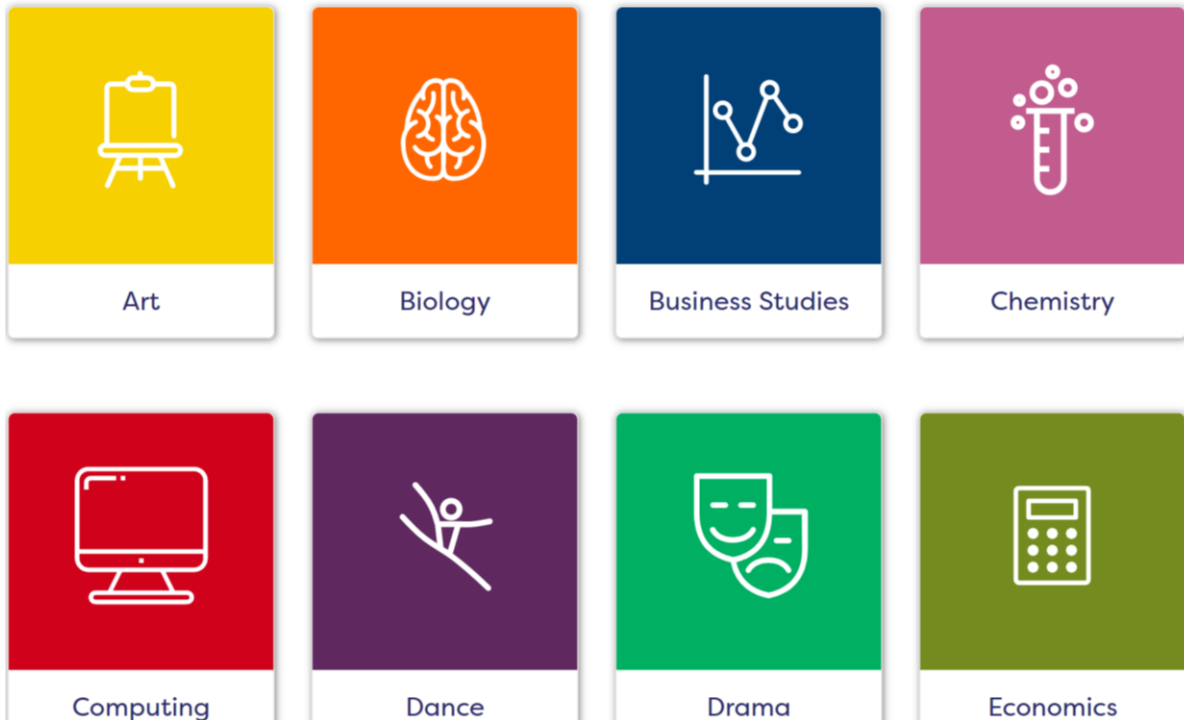

### Explore jobs and careers

- Jobs by job sector
- Start with a subject
- Start with what's important to you - your values
- Job quiz
- Compare up to 3 jobs (Careerometer)
- Finding a job/experience
- Job growth near me

Then select "start with a subject"

# Start with a subject

Choose a subject you love and see where it might lead

Now scroll down the page and select your subject, if your subject is not present, please go back a page and select "jobs by job sector".

Now turn to page 6 and follow the steps

Choose another subject -

# PE

+ Add this to My Subjects

PE

Once you have chosen your subject you now select from the following. In most cases you will be selecting "selection of jobs". However, other options are available.

## What you will learn on this page:

[Selection of jobs using the subject PE](#)

[Do a free, short, online course to find out more about PE \(looks great on your CV too!\)](#)

[Examples of apprenticeships that relate to PE:](#)

[Examples of vocational college courses related to Sport](#)

[Examples of degree courses that relate to PE:](#)

[BBC Bitesize Career Videos](#)

Whilst studying PE you will learn about keeping healthy & fit as well as the systems within the body that are developed when exercising.

The subject also provides an overview of the socioeconomic factors affecting sport as well as sports psychology

PE is a great subject to study if you want a career in a sports related field.

### Selection of jobs using the subject PE

- [Athlete](#)
- [Events manager](#)
- [Health trainer](#)
- [Leisure centre manager](#)
- [Lifeguard](#)
- [Outdoor activities instructor](#)
- [PE teacher](#)
- [Personal trainer](#)
- [Physiotherapist](#)

### Examples of apprenticeships that relate to PE:

- [Community Sport and Health Officer](#) - Level:3 (equivalent to A levels at grades A to E). Typical length:16 months

 [Career path and progression](#) ▼

With experience you could become self-employed and set up your own practice.

In the NHS, you could progress to senior physiotherapist or move into health service management. You could also specialise in an area like orthopaedics, sports therapy, occupational health, or working with older people or children.

You could also move into research or teaching.

After selecting job by job sector, now select the job sector you require.

## Jobs by job sector

Animal, agriculture & environment -

Art & design -

Business & finance -

Childcare, education & training -

Construction & the built environment -

Energy & recycling -

Engineering -

Hair, beauty & wellbeing -

After selecting your job sector, your 3 choices are. "Job profiles" allows you to select a certain career.

### What's this about?

Social care is about providing physical, emotional and social support to help people live their lives and maintain their independence, dignity and control.

Social care provides a whole range of services to support adults and older people. Many staff now work in roles that cover both health and social care, and the values and qualities needed are very similar.

If you work in social care, you could help people in their own homes, in residential homes or in a number of other places such as day centres or supported housing.

As people are living longer the social sector needs at least another half a million staff by 2030.

To be successful in this career it is vital that you are understanding and sympathetic to people's needs.
