

Millfield home learning timetable - 2024/2025

The Benefits of Home learning: - At Millfield we recognise the benefits of high-quality home learning but recognise that students should never be overwhelmed with out of school tasks, that's why we keep the amount of home learning set to manageable levels for all our students.

The purpose of home learning is to enhance learning through:

- Reinforcing and consolidating learning which has taken place in the classroom
- Allowing the opportunity to extend work beyond the classroom
- The revision and research of topics in preparation for assessment.
- Motivating students and stimulating learning
- Instilling a routine of independent learning after school.
- Developing and improving/wider reading.

Millfield Home learning: - The amount of time spent on each home learning task is flexible, but within the following guidelines:

	Total Per Subject	Total Per Evening
Year 7 & 8	30 mins	45 mins – 1 hour
Year 9,10 & 11	45 – 60 mins	1hrs – 1.5 hrs

Key stage 3

Home learning			
Subject	Year 7	Year 8	Year 9
English	Week A&B	Week A&B	Week A&B
Maths	Week A&B	Week A&B	Week A&B
Science	Week A&B	Week A&B	Week A&B
MFL	Week A	Week B	Week A
Geography	Week A	Week B	Week A
History	Week A	Week B	Week A
Computer Science	Week B	Week A	Week B
Religious Education	Week B	Week A	As directed
Art	Week B	Week A	Week A
TOTAL = 20/30 MINS PER TASK			
Departments not on the list above may introduce ad hoc home learning tasks if the sequence of learning requires it, for example: - revision for a test or completion of classroom-based tasks.			

Key Stage 4

At Key stage 4 the expectation is one home learning task per week, per subject. Structured home learning tasks will relate to assessment criteria and be geared towards examination or coursework requirements. Feedback on home learning is dictated by individual departmental policy, in either verbal or written format as appropriate, equate to a GCSE level or BTEC grade, and provide clear indication of how the student can improve. Self-organised study, such as reading and revision, is highlighted as vital at the start of each course. Guidance will be provided regularly to help students with these tasks.
